HEPTANAL CYCLIC ETHYLENE ACETAL

Description

Heptanal cyclic ethylene acetal, also known as heptaldehyde cyclic ethylene acetal, is a chemical compound belonging to the class of cyclic acetal.

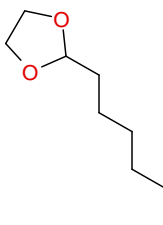

This compound is commonly used as a fragrance and flavoring ingredient due to its pleasant aroma. It can be found in various products such as perfumes, cosmetics, and food flavorings.

Heptanal cyclic ethylene acetal exhibits a fruity, floral odor with a hint of green notes. Its unique scent profile makes it suitable for adding a fresh and sweet aroma to different products.

SAFETY DATA SHEET Heptanal cyclic ethylene acetal - a document that provides detailed information about the hazards, handling, storage, and disposal of Heptanal cyclic ethylene acetal.

The information in this reference is accurate to the best of our knowledge Qaroma and chemicals incorporated assume no responsibility for any errors that may appear. Customers are advised to make their own observations on the usefulness of any ingredient for a particular application. Recommended usage information is only provided as an aid to the perfumer or flavorist and should not be considered as recommendations to use Qaroma or Chemicals Incorporated's products in violation of any laws, patents, or official regulations dealing with manufacture, composition, local procedures, product design or end usage. This document does not create a warranty as to the performance or suitability of any product, nor should it be construed as creating a product warranty that is not expressly contained in a purchase agreement with Chemicals Incorporated

HEPTANAL CYCLIC ETHYLENE ACETAL

Product Name: HEPTANAL CYCLIC ETHYLENE ACETAL

Qaroma Code: 1012424

CAS Number: 1708-34-5

FEMA Number: N/A

Characteristic:

Purity (%)

Gas Chromatograph

Odor

Specification:

98 to 100

PASSES TEST

fresh green cortex wet
narcissus oily plastic fatty

Refractive Index (@20c)

1.42800 1.43200

Specific Gravity (@25c)

0.91000 0.91800

Color/appearance

Colorless Liquid

Additional Product Information:

Flash Point: 170 °F

Shelf Life: 36 Months

Storage Conditions: Stable when stored in its original package, tightly sealed in a cool (46-90°F) and dry location out of direct heat and light.
